To the Revd Mr Bolzius at Ebenezer in Georgia
10 April 1753.

Rev.d & Dear Sir

It is with great pleasure that I obey y.e Society's Commands, in keeping up a Correspondence with you, to whom as well as to y.e people under your Care & Ministry they bear an affectionate and Paternal regard. Of their Paternal care and Goodness, as you gratefully express it, you have had many Comfortable and convincing proofs, from your first Establishment, nay even before it, until now; and it is with particular delight, that I have received their Orders to Acquaint you with a fresh Instance of their kindness and benignity towards you, in a resolution they are lately come to, to supply the deficiency of the reduction of Publick Interest has occasioned in your Salaries, and thereby ease you, your Collegue & the Schoolmaster associated with you, of all uneasie Apprehensions on that Acct. This will be agreeable News to you, I make no doubt, & it will be matter of fresh joy and Thanksgiving to Almighty God, to be informed, that y.e Society have also a Benefaction of £30. in their Hands, w.ch was bequeath'd to by your People, by a Herefordshire Gent.n, for so remarkably owning the Providence of God, in y.e Appellation of your Settlem.t

This

this Legacy the Society are ready to pay you, if you have leave to draw a Bill for the with upon their Treas.r for the same? Only it will be expected, that you shou'd at the same time signify to y.e Society know, in what manner you think this worthy Gentleman's generous Donation may be best laid out, for the use & benefit of the Saltzburghers. You are likewise desired to embrace that opportunity of describing in your Letters, what is the Nature of the Land you are set down upon? in what manner you Cultivate y.r Ground? what is y.r produce thereof? what of present outward State & Circumstances of your People? and what Commerce they either have, or may have, with the other parts of y.e Colony, or elsewere? to the intent that y.e Society may perceive & know; and be able to satisfy others also if need be, that not only a Spirit of true Religion, but also Industry Thriftiness, Diligence, and good Oeconomy prevaileth amongst you, so that no one may have it in his power to speak reproachfully of your People, by giving out that they are Slothful in their Business at the same time they are fervent in Spirit, serving the Lord. And as a help to y.e keeping up of Traffick & Commerce, as also a friendly & neighbourly Correspondence with y.e People of the Colony, as well as others bordering upon it (which are desirable things) the Society are of Opinion that it would be greatly for the benefit & advantage of the Saltzburgh Children, to be Taught y.e English Language, that as you all dwell together in one Land, live under the same Government & Laws, profess y.e same Protestant Religion, and have your Religious as well as Civil Interests blended together there be but One Voice, one Tongue, One mind & One Soul amongst you all. These are y.e Matters that y.e Orders of the Society to lay before you; and as they carry with them

them a most tender feeling for the Welfare of your People in their Secular as well as Spiritual Concerns, so I doubt not but what the Society's Wisdom & Prudence have suggested for the good of the Saltzburghers, will meet with a willing Submission, & alle Readiness of Compliance on their Part.

I am &c

Whereupon I was desired to inform you Sir, that they are clearly of Opinion, that the Legacy was designed for this Society, and may safely be paid into their Treasurers hands according to the Charitable Intention of the Testator. But that the Doctors Widow and Executrix may sustain no Damage, they would beg the favour of Her (if it be the only trouble she is like to have) to signify the declare in a Letter directed to me, what she knows & remembers of the Doctors mind & Will in leaving the said Legacy, & of his intending that this Society should reap any benefit of it. Which said Letter, this Society will communicate to the other Society for the Propagation of the Gospel &c. not doubting but that they will be thoroughly satisfied thereby, that they have no sort of Claim to the Legacy.

about Packets

To the Hon.ble & Rev.d Mr. Stanley at Bury enclosing him a Receipt for £5 — being for one Years Subs.n ending at Lady day 1752.

20 Mr. Hartshorne at Broseley Salop. I laid your letter of 18 Inst. before y.e Society, & I am ordered by them to acquaint you, that they highly approve of your pious & beneficent Proposal, in relation to y.e Islands of Scilly, & are ready to receive & become Trustees for any Sum you should be pleas'd to remit for that use. Mr. Palmer's Legacy is devoted so much already, that nothing can be expected out of that Fund by way of Addition to your Charity. However if you will add the £30 — which you intend should be laid out in a Library, to y.e £200 — for y.e Endowment of a School, y.e Scilly bid me tell you, that they will furnish a Schoolmaster w.th a Library out of Mr. Bellers Charity, which is set apart for such uses. The Trust.s for y.e time is the Revd. Dr. John Denne A. D. of Peckham & Rec.r of Lambeth, to whom your Benefaction may be paid or to me in his Absence. The Society are thinking upon the best ways & means of carrying your most excellent and Christian Design into Execution, & you may depend upon it's being informed from time to time of the Steps they take in this Matter.

Jam.s Best Esq.r at Thrapston, in Ans.r to his of 16 Inst. Acquaint him, that as a Subs: Member he is entitled to Books upon y.e Terms of y.e Society & those now mov'd shall be sent forthwith.
